Apstrakt: *Požari danas predstavljaju jedan od krupnijih bezbednosnih problema u svim razvijenim zemljama sveta. Njihove posledice su pretežno veoma velike, kako po imovinu ljudi, a neretko se posledice broje i u ljudskim žrtvama. Iako je tehnologija zaštite od požara u poslednje vreme napredovala, i danas statistika upozorava da su požari prisutni, da se javljaju i u urbanim i ruralnim sredinama i u svim godišnjim dobima. Uzroci požara su vrlo raznovrsni, a pretežno se mogu podvesti pod ljudski nemar koji je najjači okidač i uzročnik požara.*

Ključne reči: *požar, vatrogasci, šteta, žrtve, uzrok, prevencija*

FIRE AS A SECURITY PROBLEM IN THE REPUBLIC OF SERBIA AND PREVENTION MECHANISMS

Abstract: *Fires today represent one of the major security issues in all developed countries of the world. Their consequences are predominantly very large, both by the property of the people, and often the consequences are counted in human casualties. Although fire protection technology has recently advanced, statistics also warn that fires are present, occur in urban and rural areas and at all seasons. The causes of fire are very diverse, and can predominantly be subdued under human negligence, which is the strongest trigger and cause of fire.*

Keywords: *fire, firefighters, damage, victims, cause, prevention*
